Progress Version 8 Notes:

- (1) Refer to the Progress Product Life Cycle document for life cycle definitions.
- (2) If the DataServer is available on the platform, vendor supplied networking (i.e. SQLNET) is supported.
- (3) Unless otherwise noted, all clients support Progress networking for DataServers.
- (4) Version 8 UNIX platforms are character only.
- (5) Roundtable 8.3C and higher will only be available on CD-ROM media.
- (6) **Windows XP is for client and development products. Microsoft does not provide server versions of Windows XP (it is for single processor systems).**
